Commission Suspends Power Rate Increase

The Mississippi Public Service Commission has issued a statement regarding Mississippi Power Company's recent rate application filed before the Public Service Commission wherein the Commission suspended the utility company's rate increase that was to become effective July 1, 1972. However, under Mississippi laws Mississippi Power Company can and did place the rate increase in effect under bond subject to refund with interest pending final ruling of the Commission.

Title I Summer Program Ends

Nearly 400 students were enrolled in the eight-week Remedial Summer School Program conducted by the Bay St. Louis School System. The elementary program consisted of kindergarten classes, remedial reading, and remedial arithmetic. 240 students from Bay St. Louis and Waveland were enrolled. The junior high program consisted of sewing classes, industrial arts, and remedial reading with 60 students taking part. The only program open at the senior high is remedial reading with the enrollment of 30 students. The summer school was conducted under Title I ESEA and students were referred by classroom teachers because of need for remedial help and for the added opportunity for self-expression.

FREE RIDE

The public will have a chance to inspect amphibians Saturday when the local unit of the Mississippi Army National Guard brings the vehicles to the beach near Coleman Ave. in Waveland. From 1:30-3 p.m., Det. 1, 135th Transportation Company will display the amphibians on the beach and will offer rides to those interested. Since its reorganization in February, the unit has been training its drivers as amphibian operators.

23 and 29, 1972, for Mississippi Power Company to present direct testimony. Later hearings will be scheduled in order that anyone wishing to testify will be given an opportunity to present views and opinions.

On May 31, 1972, Mississippi Power Company of Gulfport filed for a \$2.6 million, or approximately 4.3 per cent, annual rate increase to its customers in 23 counties in east, central and southern Mississippi. On June 6, the Public Service Commission issued an order suspending the rate application to allow the Commission staff time to conduct a full and complete investigation as to Mississippi Power Company's earnings and current rate of return.

Since then, Mississippi Power Company posted bond sufficient to refund moneys collected during the period while the company is under rate investigation. The Commission's order suspending the rate increase also required the utility to provide all necessary information the Commission staff might require in conducting its investigation in preparing for the hearings before the Commission. Commissioner John L. Dale stated that the Commission would take a long and close look at the rate of return Mississippi Power Company is currently earning.

Mississippi Public Service Commissioners John L. Dale, Norman A. Johnson, Jr., and D. W. Snyder stated that the Commission does not regulate rates of electric power associations of this state. When the Public Utilities Act was passed, these electric cooperatives were specifically exempt by statute from rate regulation by the Commission.

Commission Repeats Request For Audit Of Supervisors

In a letter dated July 24, 1972, to Senator Robert Crook, chairman of the newly appointed General Legislative Investigating Committee, Robert O. Rasch, president of the Mississippi Coast Crime Commission, renewed the Commission's request made in February, 1972, to Lt. Gov. William F. Winter, that the General Legislative Investigating Committee direct an audit of the accounts and records of the Mississippi Association of Supervisors. Rasch said, "To preclude any possible criticism of prejudice or conflict, we respectfully reiterate that the audit should be conducted by an independent, nationally recognized firm of certified public accountants. We feel that such objectivity, together

with the publication of the results of this audit, will be beneficial not only to the people of this State, but also to the character and image of the Mississippi Association of Supervisors."

According to Rasch, "the apparent continuing use of public funds in the operation of MAS makes it imperative, in our judgment, that the General Legislative Investigating Committee assign

top priority to this request and place it in-line for immediate execution. It should be number one on their agenda considering the audit's importance to the tax paying public."

Businesses Eligible For Grants

Hancock county businesses and industrial firms are now eligible for special assistance from the Mississippi Research and Development Center under terms of a recent grant from the Economic Development Administration (EDA). The \$70,000 grant will be matched with funds from the State allocated to the R & D Center to meet the \$140,000 cost of financing the statewide job development program.

The goals of the program are expansion and diversification of existing companies and the formation of new enterprises in 68 counties and the Choctaw Indian Reservation.

Dr. Kenneth C. Wagner, R and D director, in announcing this year's program, said, "The expansion of Mississippi companies one of our most important economic development jobs. About half of the State's new jobs come from such expansions. Growth and diversification of these companies already in business in the State are especially important to our smaller cities, which often find it impossible to attract large new manufacturing plants from outside Mississippi." The one-year grant marks the sixth year EDA funds have

been combined with State funds to carry out the program. This makes a total of \$568,000 received from EDA since 1967. The cumulative total of new and expected jobs created since the management and technical assistance program began has been approximately 4,500, with a related capital investment of about \$64 million.

Robert A. Podesta, Assistant Secretary of Commerce for Economic Development, said, "EDA is pleased to join with the Mississippi Research and Development Center in continuing a program to stimulate business and industrial growth and to create jobs in Mississippi."

As an example, one north Mississippi company interested in producing furniture components was given organization assistance, a plant layout, financial counseling and marketing information under the EDA program. The new venture involved a capital investment of \$610,000. Construction is complete and the company is in production.

In another case, a market study outlining the growth of barge transportation on the

Mississippi River in the Vicksburg area was prepared with project funds and delivered to a minority development corporation. The report was used to support an SBA loan application to justify the purchase of three barges to perform floating operations. SBA approved the application, opening 20 new jobs in the operation.

R and D provided a metal fabricating company in south Mississippi assistance in evaluating a major expansion. This assistance under the EDA program resulted in a commitment for a \$500,000 industrial bond issue and opened 125 new jobs.

Counties within the area of coverage are: Alcorn, Amite, Attala, Benton, Bolivar, Calhoun, Carroll, Chickasaw, Choctaw, Claiborne, Clarke, Coahoma, Copiah, Covington, DeSoto, Franklin, George, Greene, Hancock, Harrison, Holmes, Humphreys, Issaquena, Itawamba, Jasper, Jefferson, Jefferson Davis, Jones, Kemper, Lafayette, Lamar, Lawrence, Leake, Leflore.

Madison, Marion, Marshall, Montgomery, Neshoba, Newton, Noxubee, Oktibbeha, Panola, Pearl River, Perry, Pontotoc, Prentiss, Quitman, Scott, Sharkey, Simpson, Smith, Stone, Sunflower, Tallahatchie, Tate, Tippah, Tishomingo, Tunica, Union, Waltham, Washington, Wayne, Webster, Wilkinson, Winston, Yazoo, Yazoo Counties, and the Choctaw Indian Reservation.

For further information, about the EDA program over the State, contact Tom Sanders, Manager, Business and Industry Development Division of the R and D Center, Post Office Drawer 2470, Jackson, Mississippi 39202, or phone 962-6519.

Lots Re-Zoned On Coleman Ave.

An appeal to re-zone two lots on Coleman Ave. in Waveland for use as commercial property was granted Tuesday night by the Waveland city board.

The property, owned by Glen Bannister, which came under two zoning regulations, and was re-zoned after Bannister's attorneys, Gerald Gex and Joseph Gex, cited an amendment to the city ordinance which specifies that when a lot comes under two zoning regulations, the one with the least restrictions will prevail.

Although the change was granted, the amendment was later deleted on a motion by Alderman John Longo.

In other council action, Mrs. E. P. Exnicious, who works in the city's water and gas department, asked City Clerk and Alderman Dan Campion for an apology concerning recent remarks he made about the service offered by that department.

At the last board meeting, Campion had threatened to resign if charges were not made in the water and gas department. He claimed that he had received a number of complaints and that the clerks in the department were not doing anything to remedy the situation. Campion refused to apologize and said he would not retract his statements.

Local Projects Included In Federal Funds Bill

Senator John C. Stennis, announced that an appropriations bill containing more than \$2.6 million in federal funds for a variety of projects in Mississippi has cleared its final major hurdle before final Congressional approval.

The funds are included in the bill providing funds for the Department of Interior and related agencies. Stennis, a high ranking member of the Senate Appropriations Committee, said the bill has been approved by a House-Senate Conference Committee, and is now ready for final approval by the two houses.

Senator Stennis released the following information on items in the appropriations bill for Mississippi:

- \$1,272,265 - to complete land acquisition for the proposed Gulf Islands National Seashore.
- \$128,000 - to continue planning of construction

projects needed for the Gulf Islands National Seashore. \$750,000 - for the establishment of the National Park Service's regional environmental research center at the Mississippi Test Facility in Hancock County.

\$150,000 - to expand NASA's Earth Resources Laboratory, a project already in existence at Mississippi Test Facility. \$350,000 - to conduct timber management research and wildlife habitat research at the Stoneville Hardwood Research Laboratory, Stoneville, Mississippi.

Senator Stennis said the proposed establishment of the National Park Service's environmental research center at the Mississippi Test Facility is a major new development for the state.

St. Clare's Fair Set For Weekend

For the 50th year, St. Clare's parish will hold its annual fair this weekend on the church and school grounds in Waveland.

A fish fry Friday night will kick-off fair events. John Auderer, John Longo and Dave Markey are co-chairmen assisted by Mrs. Marie Eichorn and Mrs.

Lawrence Sauer.

Henry Develle and Vincent Schott are co-chairmen for Saturday and Sunday fair assisted by James DeBlanc, grounds chairman; for booths, James Lagasse, Jr., advertising chairman; and Carlos Lizana, donations chairman.

BROTHER PIERRE St. Pierre left, president of St. Stanislaus, and Brother Lee Barker principal, place a "time capsule" in the pedestal which will support the statue of the Sacred Heart in front of St. Stanislaus. This time capsule includes a list of all students at Stanislaus during the 1971-1972 school year, along with the names of the faculty members. Also included in the capsule are newspaper articles referring to the history of St. Stanislaus and the planning and construction of the new school. Several dated coins which were removed from the cornerstone of the "1904 buildings" were placed in the capsule.

The Living Hell Of Alcoholism

By Marileen Maher
Echo News Editor

The faces are familiar and that makes you a little nervous. A few recognize you as a newspaper reporter, and they become a little defensive, reminding you that personal anonymity and privacy must be honored. You reassure them that you are there to do a story not an expose. Everyone relaxes and the meeting begins. "I'm Bob M. and I'm an alcoholic."

At the Monday night meeting of the local chapter of Alcoholics Anonymous, visitors are welcome. Those

who think they may have a problem with alcohol are invited to sit in on the meeting and find out how the program works. Relatives of alcoholics are welcome. They all have one thing in common—alcoholism. At one meeting there was a "new man" who thought he

FINAL OF A FOUR PART SERIES

"might" be an alcoholic. The regular members started. "I'm Ann B. and I'm an alcoholic. When I first came to AA I was drinking a fifth of bourbon a day. I hated myself but most of all I hated everyone else. I blamed all my

troubles on my husband, my children. Then I found AA and I found friends, beautiful people who shared the same hell. One day at a time I stopped drinking and I've been grateful to AA ever since."

I'm Ed R. and I'm an alcoholic. When I was drinking, I thought I was happy but I was miserable. My wife and kids were miserable. I made jokes about AA and resented people who tried to help me. After a year in AA, I look back and realize I was a different person. I'm happy now, I haven't had a drink in 12 months. And I'm

grateful to AA, and to the wonderful people in it."

The stories continue. The theme is the same—in the beginning, anger, frustration and an inexplicable craving for alcohol. Then there was AA and hope. A chance to change. A chance to try to live life without alcohol.

An unusual bond of comradeship exists among the members of the Bay-Waveland Group. Perhaps it is because they understand and through understanding comes love. But sober does not mean somber and they often look at their problems with humor, particularly when they realize how much they have in common, how their own problems parallel those of the person telling his story.

The "new man" listens, just listens. He is not required to join, there is no pressure, no one preaches. The AA members hope that by listening to their stories, he will find the courage to make a small commitment to get and stay sober. AA members know

that he may be back but chances are he's going to convince himself that he's not an alcoholic.

At another meeting there are other problems. How to cope with day-to-day living after one has lost the desire for a drink. There are problems at home and at work to talk about. Everyone listens and everyone cares. Possibly, that is the reason for the success of AA.

Each meeting averages about 20 to 30 people. A small number compared with the estimated figures that one out of every ten persons is an alcoholic.

What of the men and women who won't admit that they are alcoholics? How long will their families suffer? How long will THEY suffer? Some will find an early grave while others will be in and out of hospitals, "getting the cure". There is no easy solution. With over 9 million alcoholics in the United States, this problem is reaching epidemic proportions.

And alcoholics are getting younger every day. Schools should institute intensive education programs designed to warn children and teenagers against the dangers of alcohol. Parents should avoid excessive use of alcohol in order to protect their children.

"Giving people the far about alcoholism will go toward preventing the sickness," says Alton Blakeslee in his pamphlet, "Alcoholism—a sickness that can be beaten." "Treating it as a sickness, as a public health responsibility, and providing enlightened care and centers, will restore hundreds of thousands more alcoholics to useful lives."

(Those interested in AA may contact Rev. Bernard Walton, spiritual advisor to the Bay-Waveland Group, by calling 467-4538 or 467-6030. Al-Anon, a group composed of relatives and friends of alcoholics, meet every Monday night at 8 p.m. at St. Augustine's Seminary.)

RANDY MCGRAW SERVED AS HEAD COACH OF THE St. Clare Warriors. The other two coaches (not in picture) were Mark Schramm and Bill Prinz.

Novices Serve Area During Past Year

During the past year fifteen Novices from St. Augustine's Seminary in Bay St. Louis, have given many hundreds of hours of their time and talents working as volunteers along the Gulf Coast. They have assisted the elderly, the ill, retarded children and children in need, teenagers and any other persons who called upon them for help.

On August 19 at the Catholic Chapel of the Divine Word at Seminary they will take their vows of poverty, chastity and obedience, and will then leave the area to go on to further their studies in the Priesthood, either in the Priesthood, serving as Missionaries, Brothers in the teaching profession, or will be given training in a specific line of work.

HOMEPORT

Navy Petty Officer Third Class William J. Stechmann, son of Mr. and Mrs. Theodore G. Stechmann Sr. of 117 Bay View Court, Bay St. Louis, has returned to homeport at Mayport, Fla., after more than four months with the Sixth Fleet in the Mediterranean aboard the guided missile frigate USS W. V. Pratt.

He and his shipmates made port calls in Spain, Italy, Greece and France in-between underway operation with the fleet.

Monica and Jeffrey Favre of West Palm Beach, Fla., are spending this week with their grandmother, Mrs. A. G. Favre, Sr. and family. They will be joined over the weekend by their parents, Mr. and Mrs. Gregory Favre.

Each year a new group comes to St. Augustine's in September, and this is the fifth year they have offered to help the community.

The present group of Novices has given 1200 hours of assistance to the patients of the V.A. Hospital in Gulfport, and 335 hours at Gulfview Nursing Home in Bay St. Louis.

Along with their many contributions to the elderly they made a community survey to evaluate their needs, a survey which has been of substantial help to the new Hancock County Model Program for the Aged. They also work actively at the center, and made many visits to the sick and needy in their homes, brightening their lives and performing whatever assistance is required.

Their enjoyable singing group, the "Nous Quatre et Un" has provided entertainment at the Senior Citizens Center, in the nursing homes, as well as for school groups, church services, weddings and various programs. They have also coached a singing group composed of young people from St. Thomas' Church in Mississippi City.

Assisting children and teenagers, they have served as athletic coaches and conducted several athletic programs. They have given religious instruction classes, held tutorial programs for many children in the area and worked in the Mental Health Program in the testing of thirty children. They also gave a course in sex education and Black studies.

One of their greatest contributions has been to the

A FAMILIAR SIGHT at Gulfview School in Clermont Harbor was Tom Hedding—who with Tim Lenchak taught physical education and brought the students to both local and state Special Olympics. They also participated in a program of summer recreation for the children.

Retarded Children's Program by giving the students physical education classes twice a week during the school year and preparing them for the Junior Olympics, in which they won many prizes in Biloxi and went on to Hattiesburg for advanced competition. They gave all-day assistance three times weekly at the summer camp in Clermont Harbor conducted by Mrs. Arnette Giles and Mrs. Iris Hughes, teaching the educable children their school work and arts and crafts. The very fine field trips the children made were planned and carried out by the Seminararians. The afternoons were spent in the swimming pool of Mrs. Ann Porter, Certified Red Cross Instructor, where most of the children learned to swim, and the Seminararians assisted in this program also.

Bar Association Honors Walker

The Hancock County Bar Association passed a resolution last week honoring Judge Harry G. Walker for his service to the county. Walker was recently elected to serve on the Mississippi Supreme Court and presided over the July term of circuit.

The resolution reads as follows:

TO THE HONORABLE HARRY G. WALKER, CIRCUIT JUDGE

WHEREAS, the members of the Hancock County Bar Association believe it is proper at the conclusion of the July 1972 Circuit Court term in Hancock County to extend to Honorable Harry G. Walker our sincere appreciation of his distinguished judicial temperament and outstanding service to the Hancock County Circuit Court from July 1, 1968 to the present term, and

WHEREAS, it is the hope of the Hancock County Bar that

Judge Walker, who will soon assume the position of Justice of the Supreme Court of Mississippi for the Southern District of Mississippi, will continue in his judicial capacity to add to the luster and success of the judicial system of Mississippi; now therefore

BE IT RESOLVED that the Bar Association of Hancock County unanimously offer our congratulations and good wishes for his continued health, happiness, success, and long lifetime.

BE IT FURTHER RESOLVED that this resolution be spread upon the official minutes of the Circuit Court of Hancock County, Mississippi.

Adopted this, the 28th day of July, A. D., 1972 by the Hancock County Bar Association in regular session.

Colling's Corner

By E.S. Colling

City-County Library Writer

The Choctaw Indians, who inhabited central and south Mississippi from time immemorial, were the first anti-slavery class in the South. Not that they objected to the institution on humanitarian grounds—they simply didn't like Negro slaves.

One hundred and fifty years ago, the Choctaw were the largest Indian tribe in the United States, more than 30,000 of them living on the rich alluvial ground of the delta. They held, in 1830, only a few hundred Negro slaves, and these were in the hands of two or three of the biggest chiefs and a small number of half-breeds. The Choctaw braves preferred to take captives the hard way, in battle, to kill their male opponents and enslave only the squaws and children to do the work in camp. Food was scarce in such a large population—and the women, especially the captives, could plant and harvest the crops, and there was no compunction about half-slaving them.

But the most important reason for the Indians' dislike of Negro slaves was their hatred of the white planter. They were constantly pressed by the white man and his government to surrender

more of their lands so that more Negroes could be brought in to work new plantations, and the negro slave, as well as the white planter, were symbols of greed and oppression. The Christian missionaries, who were always popular with the Indians, preached against slavery and, thus, in a backhanded way, increased the Choctaw dislike for the white owner.

The Negroes, however, looked on the Indian lands as a refuge from their slavery and were constantly running away from the plantations and hiding in the woods and bayous of the Indian lands. As the Choctaw were considered a foreign nation by the U.S. government, it was illegal for the white owner to pursue his slave into the fastness of their swampy land, but great pressure was put on the Indian chiefs to return escaped slaves to their owners, and this was done almost without exception. The Indian who turned in a runaway slave was usually rewarded with fifty or a hundred dollars, which was shared by the chief.

When the Choctaw were finally forced to give up their lands by the famous or infamous treaty of Dancing Rabbit Creek, each one was required to list all of his possessions down to the smallest item, the government promising to deliver all these goods to him at his new home in the west. It is noteworthy that of the thousands of property lists turned in, an infinitesimal number included Negro slaves. Apparently the Choctaw wanted nothing to do with the Negro; they had enough troubles of their own without taking on the white man's slavery problems.

Thus, thirty or forty years before the Civil War, slavery had a large number of opponents in Mississippi as well as in New England, and when the last of the Choctaw were herded off their lands in 1833, the pro-slavery majority was finally free to grab the Indians' land and continue its headlong flight to destruction.

Extended care under Medicare is sometimes confused with other kinds of nursing home care, according to Walter H. Hobbs, social security district manager in Gulfport. The leaflet explains that Medicare cannot help pay for care—even though it is provided in an extended care facility—when a patient's primary need is assistance in eating, dressing, getting around, and meeting similar personal care needs.

Single copies of the leaflet, called "Medicare Benefits in an Extended Care Facility," are free on request at the Gulfport social security office. The telephone number is 896-1323.

The extended care benefit is only one of a number of Medicare benefits which help pay the health care bills of almost everyone 65 or over, Mr. Hobbs said. The program is administered by the Social Security Administration of the U.S. Department of Health, Education and Welfare.

Tips To Veterans And Dependents

PREPARED BY CHESTER CURVEY HANCOCK
COUNTY VETERANS SERVICE OFFICER

1. IMPORTANT Public Law 92-198 which went into effect January 1972, now authorizes the widow of a veteran, who is drawing either Dependency and Indemnity Compensation or a widow's death Pension, and who is blind or nearly blind, is in a Nursing Home or requires the aid and attendance of another person because of their disabilities to draw an additional \$5.00 per month. "Widow" for pay purposes, means either a man or a woman.

2. One of the most important benefits available to retired Veterans and one which is most often overlooked by retirees, including yours truly, is the right to file claims for disability compensation. This claim should be made before leaving the service at the time of retirement, but if not, then as soon as possible, and before one year. Retired pay has nothing to do with disability compensation other than they reduce your retired pay by the amount of your compensation, and the VA pays the compensation which is not taxable. Other benefits would be to waive all or part of your retired pay in favor of compensation or pension, if it is to the advantage of the retiree. Also remember that if a veteran dies of the disability for which he is drawing compensation, that DIC pays more to the dependents than a pension. See your service officer if your records need to be revised to establish your claim.

3. National Guardsmen who were disabled while on active or training duty may be eligible for disability benefits administered by the VA. Also dependents of National Guardsmen who lost their lives while on training duty may be eligible for death benefits.

4. Reservists are eligible for disability benefits under the same conditions as National Guardsmen listed above. Reservists may receive hospital or medical care from the VA provided he is in receipt of compensation from the VA for a service connected disability.

5. I am repeating for the benefit of those who did not see the June 15th article on the subject, the proper and the quickest way of being admitted to the Veterans Administration Hospital.

a. The veteran must have an identification with him when he goes there such as a DD214, or equivalent, or his VA claim no. if he has ever filed a claim with the VA for benefits of any kind before.

SATURDAY DEVOTIONS

In 1948 Father Peyton visited the Gulf Coast with the Pilgrimage Statue of Our Lady of Fatima. Many people, principally of the Catholic Faith, but also of other religious denominations joined a crusade of prayer to Our Lady, asking her to intercede with her Divine Son to grant peace to the world. A part of this devotion was dedicating the first Saturday of each month to Our Lady, with special Eucharistic devotion. In light of the recent phenomenon occurring in New Orleans during the recent visit of the Pilgrimage Statue of Our Lady of Fatima, First Saturday Eucharistic devotions to Our Lady will begin again. Each first Saturday of the month at 7 a.m. Eucharistic devotions will be in honor of Our Lady, at Our Lady of the Gulf Catholic Church. The general intercession at this devotion will be Peace in the World, but particularly peace in the heart and mind and soul of all peoples.

ASSISTANT CHIEF

Robert Andrews has been named assistant fire chief of the Bay St. Louis Fire Department replacing Ed Firloux who recently resigned.

Fire Chief Richard Fayard also announced that Greg Richardson of Bay St. Louis has joined the department as a regular fireman.

b. He should have his doctor call the admitting doctor and tell him why the veteran should be admitted. This is the surest way of getting in, if they have space available and can treat your particular illness at that hospital.

c. Take your identification with you and go to "Sick Call" and wait until you are called to be examined. If your condition warrants, you will be admitted.

Any Veteran, or any one else for that matter, in a TRUE EMERGENCY, will be admitted. It does not serve any useful purpose for any one other than a doctor to call and try to get a veteran admitted, except they can pull your file, if you have one. It will save time if you come by the office of the Service Officer and have a Form 10-10 filled out to take with you, so they will not have to do that at the hospital.

In Our Time

THE AMERICAN PUBLIC HAS GREATLY BENEFITED FROM ARMY RESEARCH AND KNOW-HOW.

IT WAS ARMY DOCTORS AND RESEARCHERS WHO CONQUERED YELLOW FEVER AND TYPHOID FEVER... AND DEVELOPED THE PROCESS OF CHLORINATION OF WATER.

FLAME PROOF FABRICS ARE ALSO AN INVENTION OF THE ARMY...

RIGHT NOW, ARMY HELICOPTERS AND MEDICAL CREWS ARE SAVING LIVES IN TEXAS, WASHINGTON AND COLORADO... THEY HAVE BEEN RESPONDING TO HIGHWAY ACCIDENTS AND OTHER EMERGENCIES TO EVACUATE VICTIMS. IN 18 MONTHS THEY HAVE FLOWN OVER 100 MISSIONS EVACUATING OVER 1,000 PEOPLE WHO NEEDED MEDICAL CARE.

LET'S TELL THE WORLD

It is a high and holy privilege to be a child of God. To be ashamed of Christ is a sad experience. It really implies error, thoughtlessness and failure on our part. It dishonors Christ and brings personal defeat.

Some new Christians try to be secret believers, but this is a mistake. Just imagine Dr. Jonas Salk keeping the Salk vaccine a secret! That would have been criminal. So, too, a knowledge of salvation places us in debt to the whole world. Silence really is sinful because we owe the world a witness. Both Nicodemus and Joseph of Arimathea tried to be secret disciples. It took the death of Christ to bring them to the place of openly begging the body of Jesus. The Scripture states; "And after this Joseph of Arimathea, being a disciple of Jesus, but secretly for fear of the Jews, besought Pilate that he might take away the body of Jesus" (John 19:38). Then too the death of Christ was public, not secret. Paul said to King Agrippa, "... this thing was not done in a corner" (Acts 26:28).

Someone might ask, "Do I have to confess Christ openly?" I might ask, "How can you help it?" Do not let the fear of others rob you of the

joy of open allegiance to Jesus Christ. We could easily understand if Christ were ashamed of sinful creatures. But for men and women to be ashamed of Christ is unthinkable. STRAIGHT AHEAD!

Think Ecology...

Before You Buy

by Jena Edwards
Neighborhood Ecology CENTER

In the past I have written about attitudes of society that contribute to the environmental crisis, and about alternative philosophies that can bring about new life styles but I have offered very little in concrete suggestions for positive change.

This week I would like to offer a few ideas on how to start your new life style.

When you buy, do you consider whether the product is a wise use of our diminishing resources and where it will go when you have finished with it? By your purchase, are you encouraging a market for some trifle piece of worthless junk?

The key to effective ecological action is to think before you buy, before you use, before you throw away. For example, the average life of an electric can opener is about a year and a half. A good wall hanging manual will give far more usage and uses no electricity. The better ones work more easily than an electric.

Glass is a reusable resource. Use returnable soft drink bottles. Milk can be delivered anywhere in Bay St. Louis in bottles. However, my Borden's Milk man tells me that the bottles are going to be discontinued soon. The reason can only be that there is no demand for them. If you start asking for them and write a letter to the company asking them to continue using bottles perhaps they will.

A leading brand of bath size soap bar cost about \$2.00 and most of them contain undesirable agents. Here is a recipe for homemade soap that will not hurt your skin. If you have in the past been wasteful enough to buy a blender you can make your soap in it.

1. Pour one cup cold water into a jar. Add five tablespoons of lye (be very careful of spillage). Mix over sink until dissolved and clear. Let set for a few minutes. 2. Put three cups of any hard or animal fat drippings in blender. Pour lye over fat. Turn on low, then high. Blend well until thickened. Pour into pyrex cake pan and let set, for several days. Cut into bars and store in air tight containers. 3. This soap is perfect for hands but may also be shredded for laundry or dishes.

Bean sprouts are about the cheapest food you can eat and you can sprout them yourself from almost any kind of bean. However, Mung is the most commonly used. Soak them in

water overnight, then pour off the water and put them in a colander. Rinse them about every three or four hours for two or three days. (You can skip the rinsing at night.) Keep them lightly covered in a dark place. There are many other ways to use sprout beans too. Invent your own. They can be used in salads, vegetable dishes, with meats and in endless oriental dishes. Their nutritional value is very high.

Here is a wonderful Adele Davis recipe:

BEAN SPROUTS WITH TOMATOES

Pan-broil 1 slice bacon and drain on paper; add 1 diced fresh or 1/2 cup canned tomatoes, 2 tablespoons chopped onion, 1/2 diced bell pepper, crushed peppercorns.

"Build a better mousetrap," said Ralph Waldo Emerson, "and the world will beat a path to your door."

But the United States Patent Office is not so easily impressed. If your mousetrap is better merely because it is made of better materials, you probably could not get a patent. It must also work in a new and better way.

For example:

A man came up with the idea of making towel holders out of plastic rather than metal. The plastic holders did have certain advantages. They were cheaper, for one thing. They were also more colorful.

But these advantages of plastic were already well known. Simply applying them to another product was held not original enough to qualify for a patent.

Even if the change of material means added convenience, that usually won't do. Another would-be inventor put together a map case of lightweight metal, making it easier to carry. But again, a court found no basis for a patent.

"(The lightness) may prove beneficial," said the court, "but it is not invention. There must be original thought or inventive skill, not mere mechanical change of what was old."

On the other hand, a change of material might actually change the way the product functions. Take the matter of garter belt. Originally made out of metal, garter buttons had two major drawbacks. If the clasp was tight, the stockings had a tendency to tear. If the clasp was loose, the stockings had a tendency to slip.

Someone finally hit upon the idea of making the button out of rubber. This solved both problems at once. Stockings neither tore nor slipped, because the rubber button gripped the fabric in a new and better way.

Did this change of material entitle the man to a patent? A court said yes.

"It is this capacity for improvement..."

Reflections

THE YEAR WAS 1922 and this crew was working on construction of the first hard-surfaced beach road. The work also included cement steps and a cement seawall. Second from right in the photo is the late Monroe Cuevas, Sr., who resided on State St. in Bay St. Louis. (Ed. Note: We hate to beat a dead horse, so to speak, but perhaps if Mr. Breland's equipment had four legs instead of four wheels, we'd have ourselves a beach road, at least before the next hurricane.) Photo courtesy of Mrs. Charles Bernard of Waveland, sister of Mr. Cuevas. (Readers are urged to submit photos to the Echo for use in Reflections. Use of all pictures is left to the discretion of the editor.)

Shrine Circus Coming To Coast

Mississippi Coast Shrine Circus - "The Circus with a Purpose" - makes its annual appearance at Milner Stadium, Gulfport, Wednesday, August 9, according to 1972 Shrine Circus Chairman, Gus Anderson. Staged for the benefit of Shrine charities and activities, by Tom Packs' Circus, performances will be at 8:00 P.M. on Wednesday. Presented in a 4-ring format, the circus stars the celebrated

Zacchini family of human cannonballs with its founder, Edmundo Zacchini, observing his 50th anniversary as an active cannoneer. Among stellar attractions will be John Cuneo, Jr., one of America's great "wild animal educators", who will appear with the world's largest aggregation of performing Siberian tigers; as well as Hawthorne's elephant-riding tiger. Co-starring in the

animal division is Miss Herta Klausner who will present a performing troupe of "huge bears gathered throughout the world; Derek Rosaire and his Wonder Horse "Tony", noted stage and screen personality; as well as Angela Wilnow with the only trained troupe of performing, colts in America; Pamela's Pets and others.

Aerial acts feature the Flying Armors, heralded as the finest flying trapeze act in the world; starring Reggie Armor, triple somersaulting perfectionist and featuring 15 year old "Sasa", the youngest flyer in the world; Bob Top and Edna in an exhibition of ballroom dancing on a 3 foot plexiglass platform at the top of an 85 foot steel mast; Miss Tina who swings and sways on a single trapeze and other aerial innovists.

In the heavyweight division this year's Shrine Circus features the two largest and most highly trained elephant herds in existence, featuring "Tony Diano's "Big Tom", the earth's positively only performing adult, full-tusked male elephant, considered an oddity by animal men, according to Lee Keener, the herd's trainer. Aerial acts feature the Tussocks, Les Thins, Bonnets and Weinwrights.

In the fun department will be Alfredo Landon, renowned Argentine producing clown and builder of "fun equipment"; Mack Sennett Graduate, Jack Healy, and numerous others, big, medium, smaller in size. Traditionally, the clowns will appear one hour before the beginning of the performance and throughout the continuity of the program.

Last but not least, the most mammoth aerial fireworks display yet seen in Gulfport will illuminate the sky. The circus lists Derek Rosaire as ringmaster and Karl Killinger as director of music. Tickets, priced at \$2.00 for adults and \$1.00 for children under 12, are sold by area Shriners, and at the stadium, box office two hours before showtime.

Crime Commission Plans Forum

Robert O. Rasch, president of the Mississippi Coast Crime Commission, has announced plans for a Public Forum to be held at the Jaycee Civic Center in Pascagoula at 7:30 p.m. August 10.

Rasch said, "continuing and expanding interest in the Unit System of County Govern-

ment, or centralized management in County Government, has prompted the Crime Commission to respond to public demand with a presentation and discussion of expenditures and management of road and bridge construction and

maintenance operations in County Government. We have been most fortunate in securing as guest speakers, Senator Theodore Smith, a Member of the General Legislative Investigating Committee, and Mr. Jack A. Gorkran, author of a "Comprehensive Analysis of Mississippi County Governmental Expenditures and Management of Road and Bridge Construction and Maintenance Operations, 1964-1969."

Rasch continued, "This program is designed as a public service by the Crime Commission to insure that the public is fully and factually informed on this very important subject. In essence, it will enable the citizen to follow his tax dollar in County Government. We want to urge all civic oriented and alert citizens, not only in Jackson County, but throughout the State, to mark their calendars for 7:30 p.m., Thursday, August 10th, and meet with us at the Jaycee Civic Center at the Fairgrounds in Pascagoula."

Stanislaus Names Faculty Members

St. Stanislaus High School will open its 119th session August 28. Brother Pierre St. Pierre, S.C., will begin his fourth year as president of St. Stanislaus, and Brother Lee Barker, S.C., will start his seventh year as principal. Other brothers on this year's faculty are the following: Brothers Alban Tucker, Albert Ledet, Andries, Anton Sokira, Aquin Gauthier, Athanasius Mooney, Aubert, Augustine, Bennet, Bonaventure, Canisius Schell, Claude, Eduardo Baldoceda, Elbert, Ephrem, Firmin, Hilbert Mooney, Hugh, John Abate, Joseph Donovan, Leon, Louis-Joseph, Loyola Mattingly, Malcolm Melcher, Martin, Matthew, Melvin Estrade, Michael Vidrine, Neri, Noel, Pascal, Paul Mulligan, Peter Kosydar, Philip Raymond Sylve, Roy Reinicke, Roy Wittendorfer and Timothy.

Members of the faculty from St. Augustine will be Fathers Leonard Olivier,

Terry Steib, Alvin Dixon, Gerhard Vogel and Mr. Charles Henry. Lay members on this year's faculty are Mr. Anthony Pitolo, Mr. Barry Jones, Mr. Bill Poole, Mr. James Thriffley, Mr. Robert Cuccaro, Mr. Davis Williams, Mr. Ronald Engel, Mr. Sylvan Ladner III, Mrs. Joseph Kersanac, Mrs. James Currie, Mrs. Joseph Gex, Miss Susan Ryan, Mrs. Richard Sallinger, Mrs. James McCarthy, Mrs. James Lagasse, Mrs. William Zimmerman, Dr. Marion J. Wolfe, Sr., and Mrs. Venita Schmidt.

AN ORDINANCE TO ENLARGE, EXTEND AND DEFINE THE CORPORATE LIMITS AND BOUNDARIES OF THE CITY OF WAVELAND, HANCOCK COUNTY, MISSISSIPPI

SECTION 1 The Mayor and Board of Aldermen of the City of Waveland, Hancock County, Mississippi, having determined that public convenience and necessity require the extension of the city of Waveland to certain adjacent areas in Hancock County, Mississippi, do hereby ordain as follows:

SECTION 2 Be it ordained by the Mayor and Board of Aldermen of the City of Waveland that the boundaries of said city of Waveland be and they are hereby extended and enlarged so as to embrace the following territory in Hancock County, Mississippi, not heretofore within the limits of the said city, viz:

Beginning at a point in the sea wall on the Mississippi Sound said point being further described as a U. S. Corps of Engineers Monument BSL-5 and located in the sea wall West of the section line common to Sections 9 and 16, both sections being in Township 9 South, Range 14 West; thence, South a distance of approximately 150 feet to the water's edge; thence West a distance of approximately 4,000 feet along the water's edge to a point where the water's edge intersects the 16th Section line; thence, North a distance of approximately 150 feet to a point where the water's edge intersects the 16th Section line; thence, North approximately

4,000 feet along the 16th Section line to a stake post located on the south boundary of the right-of-way of the L & N Railroad; thence, northeast approximately 4,200 feet along the L & N Railroad right-of-way to a stake, which said stake is located at the intersection of the South right-of-way of the L & N Railroad and the present corporate limits of the City of Waveland; thence, South 11 degrees, 48 minutes, 30 seconds East for a distance of approximately 4,750 feet to the point of beginning.

SECTION 3 The City of Waveland shall provide the following services immediately upon ratification of this ordinance: police and fire protection, garbage removal and disposal, maintenance of existing streets, mosquito fogging when necessary.

SECTION 4 The City of Waveland shall provide, within a reasonable time, not to exceed five years, the following improvements: installation of gas, water, and sewer lines, and street lighting where same are necessary and appropriate in view of the use of the area.

SECTION 5 Be it further ordained that the limits of said city of Waveland as so enlarged shall be as follows, viz: Beginning at a point in the sea wall on the Mississippi Sound said point being further described as a U. S. Corps of Engineers Monument BSL-5 and located in the sea wall West of the section line common to Sections 9 and 16, both sections being in Township 9 South, Range 14 West; thence, South a distance of approximately 150 feet to the water's edge; thence West a distance of approximately 4,000 feet along the water's edge to a point where the water's edge intersects the 16th Section line; thence, North approximately

4,000 feet along the 16th Section line to a stake post located on the south boundary of the right-of-way of the L & N Railroad; thence, northeast approximately 4,200 feet along the L & N Railroad right-of-way to a stake, which said stake is located at the intersection of the South right-of-way of the L & N Railroad and the present corporate limits of the City of Waveland; thence, North 11 degrees, 48 minutes, 30 seconds West, for a distance of 8,434 feet approximately to a point (concrete post) that is a North right-of-way monument of U. S. Highway 90 and is further described as being North of the intersection of old U. S. Highway 90 and new U. S. 90; thence, along the same northerly bearing a distance of 1906.376 feet to a point in the North right-of-way of the Kiln-Waveland Highway, a gravel road; thence, along said right-of-way, North 84 degrees, 23 minutes, 43 seconds West to a point where said Eastern right-of-way line intersects the 1/2 section line of Section 33, Township 8 South, Range 14 West; thence, East along said 1/2 section line to the East line of said Section 33; thence, North along said section line to a point which is 1235.9 feet, South of the Section corner of Sections 28-27-33-34; thence, East parallel to the North line of Section 34 to the East section line of Section 34; thence, South to a point on the East line of Section 34 where an extension of the South line of Bismark Street would intersect said East section line; thence, East along the South line of Bismark Street to its intersection with the North line of the right-of-way of Highway 90; thence, easterly along the North right-of-way line of Highway 90 to point where the northerly projection of that line between Lots 12 and 13 of Block 68 of the Bay St. Louis Land and Improvement Company Sub-division of the Bay St. Louis Land and Improvement Company's First Addition to the City of Bay St. Louis and Waveland, as recorded in Plat Book 1 of the Original Plats, pages 30 and 31 Records of Plats, in the Office of the Chancery Clerk of Hancock

County, Mississippi; thence, southerly along said projected line to the Southwest corner of Lot 13, Block 68 of said Sub-division; thence, easterly along the projected South line of Lot 13 in an easterly direction to a point on the Southwest line of Lot 44, Rear Fourth Ward, Bay St. Louis, Mississippi; thence, South 70 degrees East along said Southwest line of said Lot 44 to a point on the section line between Sections 35 and 36, Township 8 South, Range 14 West; thence, South along said section line to the section corner common to Sections 35 and 36, Township 8 South, Range 14 West, and Sections 1-2, Township 9 South, Range 14 West; thence, easterly and southeasterly along the corporate lines of the City of Waveland as existing on January 1, 1968 to a point where said line intersects the northern shoreline or water's edge of the Mississippi Sound or Gulf of Mexico; thence, Southwesterly along said shoreline or water's edge to a point 150 feet South of the point of beginning; thence, North 150 feet to the point of beginning.

SECTION 6 Be it further ordained that a petition be filed with the Chancery Court for the County of Hancock for the ratification, approval, and confirmation of the enlargement of the boundaries of the City of Waveland as fixed and determined herein. The above and foregoing ordinance having been first reduced to writing and read and considered section by section and then as a whole at a special meeting of the Mayor and Board of Aldermen on the 11th day of July 1972 and the vote for the ordinance was as follows:

Community Mental Health

by RAY COXE
COASTAL MENTAL
HEALTH CLINIC

Much of the behavior of disturbed children differs only in degree from that of Normal children. The child may get angry and cry, he may fight with other children, he may sit in his room and sulk, he may defy his mother's authority. Normal children do all of these things. The disturbed child does them more often, or more readily, or with greater intensity. The parent of a disturbed child, usually the father, will sometimes say to the psychiatrist, "There's nothing wrong with that, all kids do that." And usually he is right.

On the other hand, certain symptoms are more than merely exaggerations of normal behavior. They are qualitatively different and intrinsically pathological. Psychiatric illness, like any illness, is more than a complex of symptoms. While certain of these illnesses may be diagnosed on the basis of the major symptoms alone, a real understanding of the disorder requires a deeper penetration into the background of the child, a knowledge of his environment, and especially some awareness of his inner thoughts and feelings.

Studies indicate that the ten most common symptoms leading to psychiatric referral, in order of frequency, are:

1. Poor academic achievement
2. Behavior problem (acting out behavior)
3. Reading problem
4. Aggressiveness
5. Hyperactivity
6. Stealing
7. Negative behavior
8. Poor peer relationships
9. Temper tantrums
10. Anxiety

How is the decision arrived at that a child should be taken to a mental health clinic? Usually some crisis occurs, or a series of crises. The child's temper outbursts may become more frequent and intense until finally there is a scene in the family. A visit to relatives or friends who have not seen the child for some time may cause them to comment on how much he has changed. Or a serious episode may occur, as in the case of a boy who suddenly ran out into the street, firing his rifle through the walls of the neighbors' houses.

PCYC To Sponsor 35th Knot Regatta

Pass Christian Yacht Club is the sponsor of the 35th Annual Knot Regatta, and the race will be run under Gulf Yachting Association rules and regulations.

The races are called in memory of the late Commodore Richard L. Knott who gave much of his time and effort in promoting activities of the club in sailing. These races were first called in 1933 over the historical yachting course in the Mississippi Sound fronting Pass Christian. Only three sailing clubs entered the first race in 1933 which was won by the Southern Yacht Club of New Orleans.

The Pass Christian Yacht Club is the defending champion this year having won the Regatta in 1971. The popularity of the Knot Regatta is such today that entries are expected from Bay St. Louis, Biloxi, Fort Walton, Gulfport, Jackson, Mobile, New Orleans, Panama City, Pensacola, Shreveport, Southern New Orleans, and the sponsor club, Pass Christian Yacht Club. Two races will be called Saturday and one Sunday, each club having a different girl skipper sail each of the three races.

The Commodore William Perry Brown of Pass Christian Harbor on Sunday, August 13, starting at 10 a.m. This championship is the result of summer long

races conducted by the sailing instructors of P.C.Y.C. for young skippers in the 8 to 11 year age group. The skippers alternate boats each race and the crew members also alternate between skippers. The Champion Skipper and the Champion Crew each receive a beautiful trophy, donated each year by Commodore Brown. This Championship has become a classic here at P.C.Y.C. and as a result of Commodore Brown's efforts, many other clubs have started similar "Pram" Regattas to increase interest and sailing skills among their young sailors.

Miss White Is Bride Of Mr. Fillingame

The wedding of Miss Barbara Anne White and Leslie Morris Fillingame was solemnized Saturday morning, July 22, at the First Baptist Church in Bay St. Louis. Miss White is the daughter of Mr. and Mrs. William B. White of Pearlinton and Mr. Fillingame is the son of Mr. and Mrs. James A. Fillingame, Jr. of Bay St. Louis. Vows were repeated in a double ring ceremony performed by Rev. Perry D. Neal in the presence of the immediate families of the couple.

The bride's brother, Tommy White, gave her in marriage. She was attended by Mrs. Carl

McIntyre as her matron of honor and Joe Paul served the groom as best man.

Nuptial music was provided by Miss Susan Ladner, organist.

Immediately following the ceremony the family of the bride entertained with a buffet luncheon at their home in Pearlinton.

Following a brief wedding trip, the young couple will be at home at 308 C Carroll Avenue in Bay St. Louis.

SWIMMING COURSE

The long table held three small brandy snifters, each containing a single yellow chrysanthemum with bits of fern and baby's breath, tied with yellow ribbons. Place cards with yellow flowers completed the decorations.

VACATION BIBLE SCHOOL
Plans have been announced by Christ Episcopal Church for its Vacation Bible School to be held August 14th through August 19th, for boys and girls Nursery through Grade 6.

Classes will be held in Virginia Hall from 9 a.m. to 11:30 a.m. Children may be registered by contacting Mrs. Walter Rausch, 467-5389 or Mrs. Vernon Niven, 467-4482.

Following luncheon, the bridesmaids were each presented an apron made by the bride-elect and the brass and crystal votive light candles they were to carry in the wedding.

Miss Rayborn was attired in a tulle-trimmed frock of polished cotton printed in shades of pink on a black background. The long-sleeved dress featured a shirred bodice and full skirt. She wore pink and black accessories.

police need public partners

The crime rate in many cities and towns is still on the increase. However some areas have shown a steady decline. Efficient police work is a major factor in the reduction, but substantial credit must be given to those citizens who have taken a direct interest in the crime problem.

Through Operation "GET INVOLVED" many police departments have sought to make the average citizen more acutely aware that crime is a community problem.

What can the average citizen learn from Operation "Get Involved"? You can learn how to protect your family and property from lawlessness, and how to cooperate with the police and what suspicious persons and events to report.

Through this cooperation, the public serves as the police department's eyes and ears to increase their efficiency.

Doesn't it make good sense to be a partner with the police?

Mrs. Necaie Honored On 75th Birthday

On the occasion of her 75th birthday, Wednesday, July 19, Mrs. Edna Necaie was given a surprise birthday party by her three daughters, Mrs. Alicia Favre, Mrs. Isabel Yarborough, and Mrs. Bobbie Puckett.

Those attending the party were Mr. and Mrs. Del Puckett, Mr. and Mrs. Herman Yarborough, Mr. and Mrs. Ray Favre, Mr. and Mrs. George Anderson and their daughter Stacey, Misses Mona and Bobbie Jo Sancier, Miss Nancy Favre, and Mr. Eddie Favre, and Misses Emily, Judy, and Patty Yarborough.

Those attending from out of town were Mr. and Mrs. Jon Martin and children Kirk and Jill of Slidell, also, Mrs. Gabe Favre and children, Stephanie and Josh of Jackson. Mrs. Favre was unable to attend due to his work.

Also attending were Wayne Stiglett.

MRS. EDNA NECAIE

MR. AND MRS. LOUIS J. BREAU, of Kiln, Miss., announces the engagement and approaching marriage of their daughter, Charlene, to Ron Baldwin, son of Mr. and Mrs. Donald Baldwin, of Neodesha, Kansas. Ron is presently stationed at Keesler Air Force Base. The wedding will take place August 12 at 2 p.m. Annunciation Church, Kiln, and the reception will be in the school gym. Relatives and friends are invited to attend.

OLD FASHION TOUCH OF HOSPITALITY BY JANE ASHLEY

Make Mustard Pickles Now

This is the time of year to fill the house with the spicy fragrance of cooking mustard pickles. Vegetables for pickling are available in abundance now and these condiments are sure to be in great demand the year around. The well seasoned mustard sauce is delicately thickened with corn starch so that it coats each crisp morsel.

Garden Mustard Pickles

6 cups cooked vegetables—cucumbers, carrots, small onions and green beans
1/2 cup sugar
2 tablespoons corn starch
1 1/2 teaspoons salt
1 1/2 teaspoons turmeric
2 cups water
1 cup vinegar
2 tablespoons mustard with horseradish

Cook vegetables until tender crisp. Mix together in a saucepan sugar, corn starch, salt and turmeric. Mix together water, vinegar and mustard with horseradish. Slowly add to dry ingredients, stirring until smooth. Cook over low heat, stirring constantly, until mixture comes to a boil and boils 2 minutes or until thickened and clear. Add vegetables to sauce. Bring just to boil. Turn immediately into hot sterilized jars. Seal according to manufacturer's instructions. Let stand a week before using to develop flavor and color. Makes 4 pints.

BRIDGE WINNERS

Winners of games played Monday night in Gulf National Bank's Civic room by Bay-Waveland Bridge Club members were Mrs. Mildred Means and Mrs. Henry Fly, first; Miss Amelia Scalfie and Mrs. Viva Davis, second.

Mrs. Winnie Pennington and Mrs. Royce Williams, Mr. and Mrs. Dale Pierce and Mrs. E. C. Snow and Mrs. R. Smith tied for third, fourth and fifth places.

HNC REGISTRATION Registration for all new students entering Hancock North Central School in grades one through twelve will be Monday, August 7, from 9 a.m. - 2 p.m.

Each student must bring a certified copy of his birth certificate and his report card from the school previously attended.

New students who have already pre-registered do NOT have to register again.

Easy Does It

On hot summer evenings—even the best cooks can lose their enthusiasm for fixing family suppers. At such times an easy-to-make main dish salad may be the perfect choice. The Summer Salad Bowl pictured above is an appetizing combination of tomatoes, crisp greens, butter-flavored mushrooms, julienne of canned luncheon meat accented with packaged herb seasoned croquettes and tossed with a tangy lemon and oil dressing. As a variation add Swiss cheese strips or hard-boiled egg slices. To accompany Summer Salad serve seeded rye bread, thinly sliced and buttered. Easy does it!

SUMMER SALAD BOWL

2-quarts salad greens, torn into bite-size pieces
2 cups herb seasoned stuffing croquettes
2-3 oz. cans chopped broiled mushrooms, drained, reserving butter broth
3 tomatoes, peeled, cut in wedges
1-12-oz. can luncheon meat, cut in julienne strips
1 cup vegetable or olive oil
1/2 cup bottled lemon juice
1 clove garlic, pressed
2 teaspoons Italian seasoning
Salt and pepper

Place greens in large salad bowl. Add croquettes, mushrooms, tomato wedges and luncheon meat strips. For dressing, place vegetable oil, bottled lemon juice, 1/4 cup of the reserved butter broth, garlic and Italian seasoning in a jar. Add salt and pepper to taste. Cover jar and shake well. Pour desired amount of dressing over salad; toss lightly. Serve immediately in chilled salad bowls.

Yield: 4-6 servings Summer Salad, 1 1/2 cups dressing

AWARD PRESENTED

A special award was presented July 25 to Inez Garcia, who operates the Premier Service Sta. with her husband, Alden, in Bay St. Louis.

The award, a plaque bearing two rare silver dollars, two Kennedy half-dollars, and a specially minted commemorative coin set in an automotive engine design, was presented for exceptional customer service by a representative of The Gates Rubber Company.

The Denver-based rubber company sponsors a nationwide contest (now in its 40th year) to reward service station personnel who provide exceptional customer service. A fleet of "Gates Mystery Cars" regularly travels

across the country stopping at service stations. Each "Mystery Car" has a worn fan belt. Award plaques are presented to station personnel who notice the defective belt and offer to replace it.

Fishing in general has
 improved quite a bit over the
 past week, both fresh and salt
 water. Good reports have been
 received about bass and perch
 being caught most every
 where and the same applies to
 speckles and other salt water
 fish which have been caught
 down Bayou Caddy way in
 Herron Bay, Three Oak
 Bayou, Bayou Boland and
 around Campbell's inner and
 outer bayous and at the mouth
 of Pearl River proper.

Those caught were speckles,
 Red Fish and Flounders, etc.
 The largest catches of bass
 and perch were made in Pearl
 River and its tributaries, also
 at White's Bayou, Coward's
 Bayou and Mulatto Bayou all
 in the same neighborhood. The
 cause, we think, is the falling
 tides which fell almost all day.
 There was plenty food for the
 fish, shiners, small mullets,
 etc., moving around in the fast
 moving water. Most bass were
 gotten on popping bugs and
 some under water baits like
 the Repallas, B and H,
 Rebels and Black gnats with
 spinners, mostly.

Of course, as usual, a lot of
 fish were caught while fishing
 on the bottom with dead and
 live shrimp.

Among those reporting a
 good catch of speckles was Tut
 Monti, his grandson, Henry
 Monti, III and Uncle Bud
 Seller. Tut said they were all
 big trout. Henry the III landed
 a 4-pounder. He is still a
 young squirt.

Uncle Bud said the specks
 wouldn't hit any thing but
 small mullets which they
 caught via the cast net route.
 Live shrimp were no good for
 catching them, they all
 agreed. Fish take what they
 want.

Alden Mauffray and Perre
 Quintini have had several good
 catches of bass and perch
 lately. They were caught on
 by rods and by casting. Alden
 landed two red-fish on the fly
 rod last week, which is
 unusual.

When wanting to know
 where fish are being caught a
 good place to find out is
 Ladner's Fish Market on
 Hancock Street. Fishermen
 with surplus supplies sell
 them to Ladner's and are
 proud to tell where they got
 them.

Charles Carver and his
 fishing buddies also reported
 real catches of speckles the
 past week.

Bill Griffith, an old time
 fisherman, hasn't been fishing
 lately. He also verified that
 speckles at this time of the
 year go for live mullets,
 croakers and live Minnows
 rather than Shrimp. Don't

SPEAKING DATES
 It was mistakenly an-
 nounced in last week's Our
 Lady of the Gulf Parish
 Bulletin that Father Joseph
 Fister a Redemptorist Father,
 would be speaking at all
 Masses on August 5 and 6.
 Instead Father will speak at
 all Masses on the week end of
 August 12 and 13.

PARISH SODALITY
 Sodality of Our Lady of St.
 Clare's Parish activities for
 the month of August will in-
 clude monthly communion,

know the reason, he said. Bill
 has caught his share of this
 type of fish.

Sam F. Sehon of Biloxi,
 Miss. stated that he has been
 catching his share of bass in
 and around Pascagoula River.
 Must be most everywhere at
 this time. Pascagoula River is
 a beautiful fresh water fishing
 spot. Fished there years ago
 and caught some big ones.

Charles Cox who loves his
 camping purchased a Biloxi
 shrimp boat about 30 ft. long
 right after "Camille".
 "Chuck" converted it into a
 camp. He does fishing, catches
 shrimp and loves to use a
 cast net. The boat is now for
 sale. Would make some one a
 good fishing boat. It is at his
 home on South Beach.

Was a pleasure having a
 visit from Dr. Emile Bertucci
 Thursday. After a long time
 no see. Doc has the fishing
 fever and wants to start
 fishing again. He does a lot of
 that sport up Rotten Bayou
 where he has a home. Pearl
 River is one of his stomping
 grounds. Ready to go, Doc.
 They are biting up that away.

Jos. Benvenuti is about to
 start fishing again. His boat is
 being readied for some fishing
 trips soon. His fishing buddies
 will be glad to hear this news.

Saw several folks flound-
 ering up Jourdan River last
 week. Couldn't get any dope
 on what they got. Maybe the
 prize fish are beginning to
 give. The same goes for soft
 crabs. We hope.

A mighty handy rain coat
 can be made out of polly
 ethelene. Cut a slit in the
 center of a piece about 5 ft.
 square to slip over the head. It
 fits like a poncho and covers
 the whole body. Fits in a
 tackle box. Easy to put on and
 take off. Use tape as a neck
 band.

Folks living along the
 railroad tracks in Bay St.
 Louis and Waveland would
 think they were in another
 world if they didn't hear the
 rumbling of the wheels and the
 screeching blasts of the
 whistles. The trains are
 getting longer and the whistles
 louder, it seems. You can get
 used to any thing, however.

Speaking of sharks the
 Mako (Blue Shark, Blue
 Painter, also known as
 Maneater) is Slate Blue on top
 and white on under sides.
 Attains a length of 20 feet or
 more is very destructive to
 food-fish. They sometimes
 pursue their prey even into
 the nets of fishermen. There
 are no maneating sharks in
 local waters. They are sand
 sharks and are not dangerous

Parish Sodality Meeting Held

Monthly meeting of Sodality
 of St. Clare's Parish,
 Waveland, was held last
 Tuesday afternoon in Costello
 Hall with Mrs. Marcus
 Eichhorn, prefect, conducting
 the business session.

Reports were presented by
 the following officers and

chairmen: Mrs. Joseph
 Damians, recording
 secretary; Mrs. Adrien
 Chagnard, treasurer; Mrs.
 Maurice Puchot,
 corresponding secretary;
 Mrs. E. N. Canady, publicity
 chairman; Mrs. Archie
 Diebold, social; Mrs. John

Rege, membership and Mrs.
 William Faulkner, sewing
 chairman.

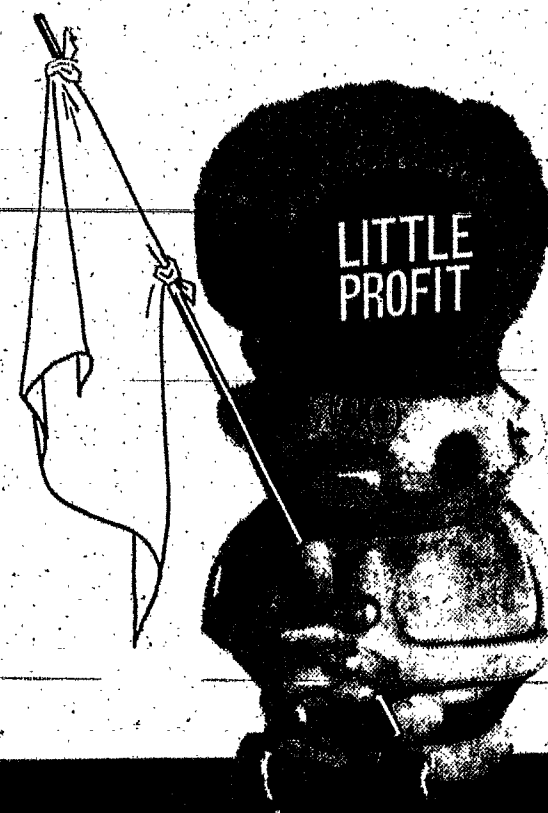

Final plans were made for
 the fish fry scheduled for 3
 p.m., August 4 by Mrs.
 Eichhorn, co-chairman. Plans
 were also completed for the
 Sodality's novelty booth, with
 Mrs. Faulkner, as chairman;
 the doubleton booth, Mrs.
 Chagnard, chairman; and the
 white elephant booth, Mrs.
 Gerry Von Antz and Mrs.
 Edward Cradden in charge.
 Rt. Rev. Msgr. John Scanlon,
 pastor, asked all members
 present to help with any other
 booths if possible.

Because of the fair, the
 Sodality will not hold its
 August social. The next social
 is scheduled for 1 p.m. Sep-
 tember 13 in Costello Hall.
 The meeting, with 24
 members attending, closed
 with a prayer.

**FOOD CENTER
WILL NOT BE
UNDERSOLD**

**ON ANY WEEKLY ADVERTISED ITEM
BY ANY OTHER MAJOR SUPERMARKET**

HERE IS FOOD CENTER'S NEW PRICE POLICY - We will not be undersold on any weekly advertised food item by the major food chains: A & P WEO, and Winn Dixie.

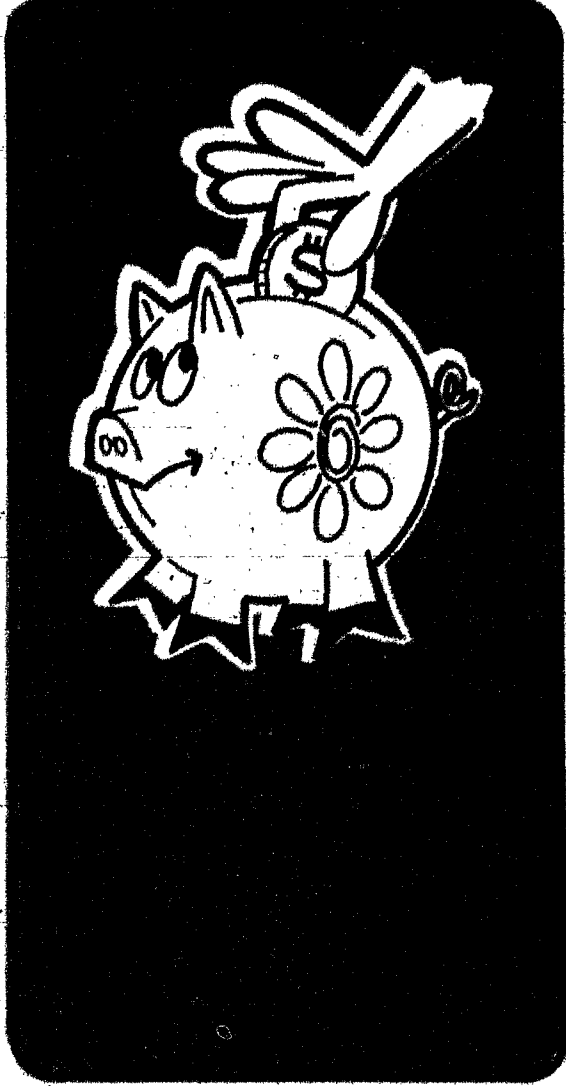

Food Center has the lowest possible discount prices in the city and we're proud to say "we will not be undersold" on any weekly advertised food items or coupons at any time, by any other major supermarket.

Oh, once in a while some other food store will run a special price for a day or two. When this happens, Food Center says again that "we will not be undersold." Just clip out the current newspaper ad from the other store. Bring it to Food Center and we will meet the price on comparable brands no matter what the item or what the major supermarket. Coupons will be redeemed according to the terms and conditions stated on each coupon.

When you get the lowest discount prices, shouldn't you make Food Center your everyday food store? Remember, Food Center will not be undersold on advertised items. We're stubborn about things like that! Why shop anywhere else?
